**Re: Plan of Action for Continued Learning**

Oki, Parent/guardians.

At this time we the staff here at PNSS have been diligently planning to ensure student learning opportunities are being prepared and available for pick-up. Staff have prepared school packages which consist of incomplete assignments, worksheets, direct and online resources for students to keep up with their studies. **Packages can be picked up tomorrow, Tuesday, March 17, 2020 from 12pm-3pm.**

We highly recommend that at this time we keep students on a structured routine such as the following:

- 20-30 minutes daily for read to self or others
- 10-20 minutes daily for journal writing
- 20-30 minutes of working on math skills.

Please take the time to read the following attachments:

- Superintendent Crowshoe's public announcement issued on Sunday, March 15, 2020 in regards to school closure.
- On-line resources available for learning sites.

Our top priority at this time is to ensure student safety and wellbeing; therefore, we thank you for your patience and cooperation at this time. May the students and their families be blessed with good health.

Sincerely,

Melanie Pard
